## GATHER FOR INDUSTRIAL CONFERENCE

(By Associated Press)  
Washington, Oct. 6.—Representatives of all the railroad workers unions including the four big brotherhoods will participate in the industrial conference which begins this afternoon. Timothy Shea of the firemen announced after a conference of the union heads. The railroad men accepted the compromise proposal of President Wilson that the four brotherhoods have one delegate each and that the 11 unions affiliated with the A. F. of L. be represented through the federation's delegates. Bert M. Jewell, acting president of the Railway Employees' Dept. of the federation will participate as a delegate for the public.

Washington, Oct. 6.—Interest in the nation's industrial situation centered here today where representatives of the three great elements in national life, capital, labor and the public, were to sit in conference. Their aim is expressed in the word to President Wilson, when he issued the call of the meeting, will be to arrive at "some common ground of agreement and action with regard to the future conduct of industry. The conference will be opened at 2.30 o'clock. Secretary Wilson, acting for President Wilson, will call the meeting to order and preside until organization is perfected.

## KING AND QUEEN WELL PLEASED AT RECEPTION

(By Associated Press)  
Niagara Falls, N. Y., Oct. 6.—King Albert and Queen Elizabeth arrived here on their special train from Boston at 9 o'clock this morning to view the wonders of Niagara Falls. They planned to see everything of interest in spite of the rain. Queen Elizabeth was especially anxious to explore about the falls and rapids. Both the king and queen were delighted with the warmth of their reception in Boston and King Albert was especially pleased by the degree he received from Harvard.

## FIRE DESTROYS GLEASON HOUSE IN GREENLAND

Family Away When Blaze Was Discovered in the Kitchen.

A dwelling house occupied by the family of Otis Gleason on Bayville road, Greenland, was totally destroyed by fire on Saturday afternoon about 2.30. The cause of the fire, which is said to have started around the chimney in the kitchen, is unknown as the family were in Portsmouth at the time it was discovered.

Neighbors were summoned by telephone and automobile and though a large number responded to the call they were unable to check the flames owing to the rapid headway made by the fire. Combination 5 went out from this city and the crew assisted in protecting the adjoining buildings which took fire from flying sparks.

The house, erected about two years ago, was owned by George Leavitt. The loss is estimated between \$2,000 and \$2,500 and is covered by insurance.

(By Associated Press)  
Lincolnton, Ga., Oct. 6.—Jack Gordon and Will Brown, negroes, were lynched by a mob early today and their bodies burned. They were charged with having shot Deputy Sheriffs Freeman and Folsom near here late Saturday. Freeman is not expected to live. Miss Martin, another negro was killed by a posse late yesterday during the hunt for Gordon and several blacks were whipped for refusing to give information as to Gordon's whereabouts. The lynching took place at about 1 this morning after Gordon had been taken from the custody of Deputy Sheriff Kelley by a mob said to number one thousand persons. Brown was being held by the mob awaiting the arrival of Gordon. The two were strung up on the outskirts of the town and after their bodies were riddled with bullets they were cut down and placed on a pile of burning pine wood.

## CINCINNATI IS NOW THE FAVORITE

(By Associated Press)  
Chicago, Oct. 6.—The weather this morning was clear and cool indicating that the fifth game of the world's series would be played this afternoon. The forecast was fair and moderate temperature. Victorious in three of the first four games, the Cincinnati Reds were out today to bag the fifth contest postponed from yesterday when a downpour of rain soaked the ball field. The pitching selections are uncertain, but it was thought Manager Gleason's selection would be Claude Williams, who was defeated in the second game at Cincinnati, with Morán's choice lying between Eller and Ruther. Supporters of the White Sox express the belief that the win yesterday was a blessing in disguise as the payoff gave them a chance to rest and plan a new line of attack. On the other hand the Cincinnati fans were convinced that the series will end tomorrow with their favorites in possession of the world's championship. The betting was undergone a big shakeup as a result of the Cincinnati drive and the supporters of the White Sox were asking for odds. The probable batting order for today's game follows: Chicago—Leibold, cf, Collins 2b, Weaver 3b, Jackson lf, Peck cf, Grand 1b, Hiseberg ss, Schalk c, Williams p. Cincinnati—Rath 2b, Daubert 1b, Groh 3b, Housen cf, Duncan lf, Cope ss, Neale cf, Harden c, Reuther or Miller p.

## INCONSISTENCY OF PROHIBITION IS PLAIN IN THIS CASE

The inconsistency of temperance advocates is very plain in the prohibition bills before congress. A man is allowed to make wine and cider for home use but the grape growers of California stand to lose millions through freak legislation which is in a measure responsible for part of the unrest throughout the country.

Died Oct. 5, 1918.  
Gone, but never to be forgotten by his father and mother, sisters and brothers. If love and care could death prevent, this life would not so soon be spent; life was desired, but God did see eternal rest was best for thee. Sleep on, loved one, and take thy rest. God takes those he loves the best.

Washington, Oct. 6.—President Wilson continues to improve and passed a satisfactory night, said a bulletin issued at 11 a. m. today and signed by Rear Admiral Grayson, Rear Admiral Sitt and Dr. Ruffin. The bulletin follows: White House, Oct. 6, 11 a. m.: "The improvement in the President's condition noted yesterday has continued. He had a satisfactory night, signed, Grayson, Ruffin, Sitt."

## PRESIDENT CONTINUES TO IMPROVE

(By Associated Press)  
Washington, Oct. 6.—President Wilson continues to improve and passed a satisfactory night, said a bulletin issued at 11 a. m. today and signed by Rear Admiral Grayson, Rear Admiral Sitt and Dr. Ruffin. The bulletin follows: White House, Oct. 6, 11 a. m.: "The improvement in the President's condition noted yesterday has continued. He had a satisfactory night, signed, Grayson, Ruffin, Sitt."

Washington, Oct. 6.—President Wilson had another good night last night and apparently his condition continues to improve. This morning Rear Admiral Grayson held another conference with Rear Admiral Sitt, head of the Naval Medical School, and Dr. Ruffin.

## JUDGE RULED THAT CIDER HAD A KICK

Orders Fine of \$25 and Release of Apple Jack to the Police.

Judge Simpson of the Newburyport municipal court says cider with 1.38 per cent alcohol has a kick. He not only made that declaration but he fined John Kegelak, a grocer, \$25 for dispensing the apple jack. In addition the grocer was ordered to turn all the juice which he had on hand over to the police.

Washington, Oct. 6.—Acting upon the "express direction of the President" and Mrs. Wilson, Secretary Tamm today made public an itemized list of presents received by them while in Europe.

## ADVISED TO GO TO WORK

Contestville, Pa., Oct. 6.—The steel strike in Contestville is ended. The strike leaders today advised those men still out to hunt for other jobs or go to work. When the strike began two weeks ago, 1700 of the 6000 men employed by the Contestville branch of the Midvale Steel Co. quit work. The number of strikers dwindled each day until today there were about 300 men out.

## CARDINAL MERCIER IS HONORED

(By Associated Press)  
Boston, Oct. 6.—Cardinal Mercier, heroic prince of Belgium, today was given a public welcome to the city. The course of an automobile procession from Boston College, where he addressed the student body in the forenoon to Faneuil Hall, where the official reception was held, was lined with thousands of persons, regardless of the drizzle. The rain made the use of closed cars necessary but the Cardinal bowed his response to the cheering crowds. It was an active day for the elderly churchman in contrast with the comparative seclusion and quiet of the two first days of his visit. From Faneuil Hall, his program took him to St. John's Theological Seminary for luncheon and reception and later in the day he was to go to Harvard University. The exercises there included those arranged for in conferring of an honorary degree.

## HIGH SCHOOL OPEN FOOT BALL SEASON WITH A TIE

Hold Newburyport High to a Score of  
6 to 6--Locals Show Good Possibilities  
For the Season

The High school opened their foot-ball season on Saturday afternoon by playing a tie game with the Newburyport High. There was a fair attendance and what should appear to support the local team and they witnessed a good game. The locals did not come quite up to expectations and were a little slow in getting their play away, but it was the first game and the team as a whole showed fine possibilities.

The local line did not show up to as good advantage as they should, the visitors repeatedly broke thru, and with the make up of the men of the line, this could be eliminated with proper coaching. The visitors got the jump on several occasions, showing far more speed and aggressiveness than the locals.

The locals improved in the last period and gave promise of making a far

better showing in their game with Concord High next Saturday.

## JAPANESE MISSIONS ON KOREA POLICY

(By Associated Press)

Karuzawa, Japan, Oct. 5.—The conference of the Federated Missions of Japan has adopted resolutions concerning the disturbances in Korea, declaring that "we have been forced to believe that the reports are substantially true and that the people of Korea have endured sufferings which are unjust and unnecessary."

These sufferings in resolutions add, might easily be ended once for all if the methods of administration were divested of "that harshness and cruelty which are so strangely at variance with the high enlightenment and principles according to which Japan proper is now governed and with the kindheartedness in which Japan, as a people, abounds."

The resolutions express faith that the Japanese government will inaugurate a more just system. They add: "We bear testimony to the passion for enlightenment which is an indomitable impulse throughout the heart of the nation and which has brought about such general progress during the last half century since Japan was opened to the world."

"We have rejoiced in the many improvements brought about in Korea since that country came under the authority of the Japanese government. We do not wish to condone any mistakes the Korean people may have made nor disregard the inherent difficulty always attached to such an administrative task as that in hand in Korea."

"But we wish to give clear and public expression to our unqualified sympathy with those of the Korean people to whom recent troubles have brought cruel and unrelenting suffering. And we wish to give our moral support, and this is the chief reason for making this statement—to any steps leading to a real and permanent betterment of conditions in Korea."

## KOLCHAK ONLY HOPE OF RUSSIA

(By Associated Press)

London, Oct. 5.—Colonel John Ward who has just returned from Siberia where he commanded a battalion of British troops which helped to overthrow the Bolshevik power there, says, "In my opinion the only chance for democracy in Russia lies in the success of Kolchak. His attitude on the land question shows that he is not the reactionary he has been represented. He sees clearly that the distribution of the big estates among the peasantry cannot be interfered with."

"It is proposed that these land owners who have survived Bolshevikism shall be given compensation for the land they have lost but there is no idea of restoring the land to them. Kolchak stands up for the poor peasants against what Lenin has been called the 'village of bourgeoisie'."

"It is found that well-to-do peasants had murdered many of the land owners, given a meagre portion of the poorest land to the poor peasants and joined the bulk of the estate to their own. Kolchak, with the advice of representatives of the Allies, decided to secure for the poor peasants a distribution of the land. When this was known the comparatively wealthy

peasants, who had secured the biggest share of the land raised their cry that the old state of affairs was to be restored. In some cases they stirred up the peasants to revolt and caused disturbances which had to be put down by force."

"To know what Bolshevism in you should have been with me at Perm when the tea on the river was melting and the bodies of many who had been murdered by the Bolsheviks were revealed, I myself, saw fifty of them, and among them were the bodies of a number of women and children. At one place there was a wash house built over the river through which they dropped their victims into the deep waters beneath. Bolshevism is the end of democracy. I am certain that if Russia is left to the Bolsheviks, it will ultimately return to the autocracy."

## TRIED TO BOTTLE UP THE BRITISH GRAND FLEET

(By Associated Press)

London, Oct. 5.—German U-boats tried to bottle up the British grand fleet in the North of North during the latter part of the war, says a London paper which describes this as the most audacious tactical operation undertaken by enemy undersea craft.

The scheme aimed at the blocking off of the entrance of the North by the sowing of a big minefield. Three months of hard work were devoted to the task of a considerable fleet of submarines, the mines being laid in the shape of a half moon. But minesweepers had discovered the plan and as fast as the mines were planted, they were cleared away.

It is recalled that other similar attempts to trap the fleet were made in 1915 in the Moray Firth, when over 400 mines were laid, and in 1916 at the Orkneys. In round numbers, on these three occasions, the Germans laid 1100 mines at a cost of \$1000 each. The King Edward was the only fighting ship that fell victim in these operations.

Enormous numbers of mines were laid by the Germans off Harwich. It was found that these fields were spread regularly at ten-day intervals, so British sweepers occasionally lifted portions of these waters unswamp so that when the next batch of submarines came along they ran afoul of their own mines.

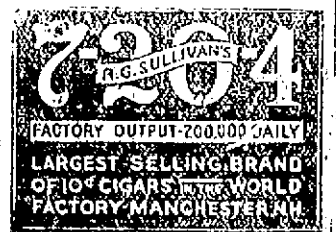

The Herald publishes the latest news from 24 to 48 hours in advance of its would-be competitor.

## KING ALBERT AND CARDINAL ATTEND MASS

(By Associated Press)

Boston, Oct. 5.—The King of Belgium and Cardinal Mercier were shipped together today under the vaulted dome of the Holy Cross Cathedral. The two most heroic figures in the great world war, met here for the first time in this country at a solemn high mass.

The scene within the cathedral was unique in this country. It might well have been a palatial room in Europe. Two Cardinals sat on their thrones at the altar, and with them the King, Queen and the Crown Prince, a right they have under the church laws.

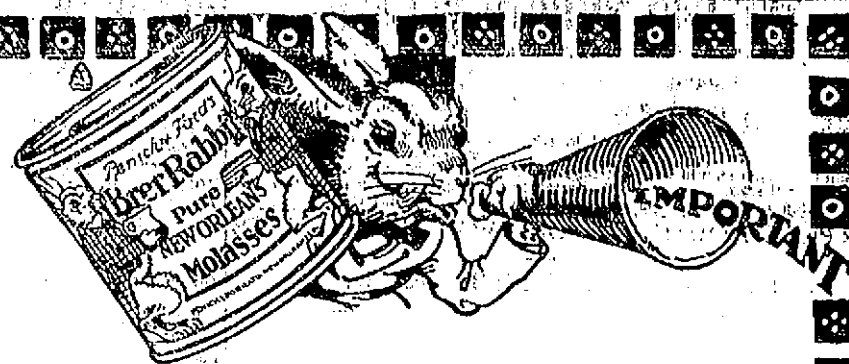

As the Royal party entered the cathedral and were escorted to the altar, they were met at the railing by Cardinal Mercier who greeted them affectionately and in turn introduced them to Cardinal O'Connell, who escorted them to seats to the right of his throne, while Cardinal Mercier occupied the throne on the gospel side of the altar. Cardinal O'Connell delivered a brief but cordial welcome to the Royal party and the Belgian Cardinal.

After Holy Communion, Cardinal Mercier took the pulpit and in behalf of his King and the people of Belgium, expressed his thanks to the people of this country for their wonderful aid. He said that in this wonderful country he had many bright days, for which he thanked God. Here on this solemn occasion in behalf of his beloved Queen and the living spirit of heroic patriotism the King, he gave thanks for what America had done for his country. He said his prayers went out to President Wilson and he expressed the hope for his early recovery.

At the close of the mass, after the prelates had left the altar, the King and his party were escorted to the entrance where an informal reception was held. They then entered the automobiles and were driven to the Public Library where the King and Queen for the first time saw a complete set of the proclamation of the Germans while they occupied Belgium.

On leaving the library the King waved the automobile aside and walked across the street, then a cheering throng to the Coplay Plaza, where they were the guests of a luncheon by the City. In the afternoon the King renewed his acquaintance with Harvard college and received the degree of Doctor of Laws, and later took tea at the home of President Lowell. The King and Royal party left at 7.30 on his special train from Niagara Falls.

The women of Boston in the afternoon tendered a reception to Cardinal Mercier, and the Notre Dame college hall was packed with women, and hundreds were unable to get in.

## An Injustice to Foreigners.

A great injustice is done to thousands of honest and industrious people through the habit, altogether too prevalent, of raising the cry, "Foreigner," in connection with crimes committed by persons of foreign birth. This habit is so prevalent that many well-intentioned but thoughtless people are led to believe that foreigners are responsible for most of our crimes when in reality such is not the case. Among some classes of foreigners minor offenses are numerous, such as drunkenness, assaults, etc., and there are, of course, more serious crimes committed by foreigners; yet as a rule the conduct of foreigners in this country is not such as to warrant the belief that they are so criminally inclined as many suppose.

This fact was emphatically touched upon the other day by Judge Buffington of the United States Circuit Court of Appeals in Philadelphia. He was presiding at a session of the Naturalization Court, and he warned the prospective citizens to beware of dangerous characters who are natives of this country, some of whom make much trouble for the country and among foreigners by agitation and the stirring up of industrial strife. Judge Buffington said he had found the foreigners employed in the steel industry well paid, contented and happy until they were stirred up by native-born agitators and trouble makers. He further said: "I have known the habits and the desires of the foreign born in this state too long to be deluded to the belief that they are responsible for the present unrest. The danger to American institutions is not in the foreign born; it is in the native born."

It is not to be denied that there are dangerous elements in the country who were foreign born, most of the anarchists coming under that classification. At the same time the great breaches of trust, the wrecking of banks and railroads, the swindling of people through the sale of worthless stocks and in divers other ways are not chargeable to foreigners. For most of these offenses not only Americans, but well educated Americans, people who have had all the advantages the country has to offer, are responsible.

While there is more offending than there should be among the new-comers, a great deal of it is of a comparatively petty character due largely to ignorance of the laws and customs of the country. But the great financial crimes, and many others as well, are committed by native Americans who cut a sorry figure in prating about the criminality of the "ignorant foreign element."

Observant people know this to be true and should understand that great numbers of honest and law-abiding people are made to suffer by unwarranted charges against foreigners, as such.

In this country people from practically all nations are mingled and it is only fair to judge a man by his actions and not by his nationality. If nationalities were to be judged by the acts of individuals Americans would be in no position to scoff at "ignorant foreigners."

This week is Thrift Week in New Hampshire and all who are in a position to do so are asked to invest in government securities of some kind. And the test of the state's patriotism and thrift will not be the amount invested, but the number of investors. Turn in your mites and help to roll up a good score.

Some of the western farm bureaus want a general working day of ten hours in order that farm laborers may be placed on a parity with other workers. The answer to this proposal will probably be that if farm laborers want to be placed on a parity it is up to them to insist on an eight hour day in their own line of work.

It is gratifying to know that local shipyard workers are satisfied with present conditions and not disposed to make trouble such as is threatened in some of the other shipyards on the Atlantic and Pacific coasts. In the long run this attitude will be to the advantage of the workers and also to the city.

The Prince of Wales is not to "swing around the circle" in the United States. It is announced that Washington and New York will probably be the only cities visited here in spite of the fact that many others would be ready to extend the glad hand to the distinguished visitor.

The diversion of American shipping from English ports by the railroad strike in that country will be anything but agreeable to those responsible for the trouble, and to the British people in general. The supplies of American bread, butter and beef will be painfully missed.

John Mitchell, who died recently, and who was for some years president of the United Mine Workers of America, left an estate of \$250,000, a fact which cannot fail to be of interest to miners and the public generally.

## Found Wanting

(From the New York World)  
 Weighed in the balances of religion, the radical programme is found to be wanting, and it will be set aside. This applies to Russia, where the programme is in force, as well as in the United States, when it has no chance for actual adoption. Religion—the Christian religion—is the exponent of the ideals and ethics of the age. Radicalism finds itself out of accord with the tenets of that religion and therefore discards it. It is not officially, then, the expression of the leading exponents—Baltimore American.

True, the radical reds and the Christian religion are as far apart as the two poles. Yet some "reformers" are bent on the doctrine of Christ as their only reliance. These radicals teach the doctrine of hate: Christ taught love.

## The Monroe Doctrine for Asia

(From the East and West News)  
 "To Japan, no mystery exists as to why the Powers at the Peace Conference recognized Japan's treaty with China in regard to Manchow," writes Dr. J. Ingram Bryan. "The Powers understood the situation very well and decided to abide by it. From the time Germany took possession of the territory Japan was naturally anxious to have the intruder removed. Germany, with a base of operations opposite the coast of Japan, was as great a menace to her defense as was Russia of Port Arthur, and Japan, when the opportunity came, did all in her power to get Germany out of the way. Just as she did with Russia, Japan took Manchow from Germany on condition that China would not allow any other foreign Power to establish itself there, and she effect with China. But if China was limited on an understanding to this originally unable to prevent Germany gaining possession of the territory, she would likewise be unable to prevent another Power taking possession of it, or even to prevent its passing into German hands again. The only safe way to prevent such an eventuality was to stay there herself as she did in Manchuria after Russia was expelled. It should not require any great amount of reasoning for the Allies to see this and to understand Japan's motive in it. It is not a move against the interests of China, nor indeed any encroachment on her sovereignty, but in for the protection of both Japan and China alike. As to the date when Japan will withdraw from Manchow, about which there is so much discussion, that depends on how soon China is prepared to guarantee the non-alienation of the place. In accordance with Japan's interpretation of a Monroe Doctrine for Asia, she will be compelled to occupy any part of China that is in certain danger of falling into the possession of Western Powers, and the sooner China secures her independence of Occidental interference the sooner will she be free from the solicitude of Japan."

## The Education of Americans

Charles Spurgeon once said: "Education is a man's head and you make him an idiot, educate his heart and you make him a fanatic, educate both together and you get the perfect man." Perhaps it is too much to say that this process will "get the perfect man" but it will get a better average man than now exists. Especially is this true in the problem of Americanization now before the country. There are fanatics and fanatics in the land, and one is as understandable and dangerous as the other. What is called Bolshevism is the product of too much brain education at the expense of the heart. Bolshevists imagine they are promoting a doctrine whose source is the heart and the conscience, whereas it is created out of a false kind of education—and education of the head "beyond its capacity."  
 Fanatics are persons educated in the heart alone at the expense of the head and common sense. Fanatics are obsessed with emotions and visions. They do not think straight—often they do not think honestly. Radical reformers are too often filled with so many emotions as altogether to lose sight of the safe and the sane. The difference between a genius and a fanatic is the difference between the calm which comes from a true education and the proper use of the brain. The world is troubled with an abnormal education of the heart and too little education of the head. A balance should be struck.  
 In the problem of Americanization attention should be paid to a happy combination of education both of the head and the heart. While it is necessary to read the constitution it is equally necessary to understand it and absorb its spirit. Among all the peoples true Americans are conspicuous because of their intelligent view of government as well as their love for their institutions.

Another Old Timer  
 A recent issue of the Life buoy which contained a group picture of five old time employees of the Portsmouth yard, one was missing in the person of John Flanagan, who has labored for the government for a period of 41 years. He began work at the reservation on June 6, 1878, under Commodore Guest, commandant of the yard and Captain English. During this time he has served under many officers who have either passed to their old rest or placed on the retired list. He has never been laid off or discharged and his 41 years is continuous service.

Two Weeks' Vacation  
 Miss Mildred Smith of Court street, Dover, one of the efficient clerks in the time office of the Industrial Department is enjoying her annual vacation of two weeks during which she will visit Niagara Falls, New York city and Washington.

Fourteen Stricken Off  
 Fourteen destroyers have been stricken from the navy register, most of which have seen twenty years service.

Admiral Dunn on Board  
 Rear Admiral Herbert O. Dunn, commandant of the 1st naval district, has gone to Washington where he will sit on the board to select officers, both of the regular and reserve force for promotion.

Has Been Detached  
 Lieut. D. J. O'Connell who has been acting captain of the Charles town yard during the war has been detached. He has been assigned to command the Warbler, now being built at Philadelphia, which is expected to be completed by Dec. 15.

Must Use the Mail  
 No more messages are to be sent by wire to Washington to the navy department where the mail will answer the purpose, according to orders received this morning. During the war it was necessary to send most of the messages by wire, even the telephone was brought into use, but as the necessity for using the wires has passed, except in an emergency, the mail must now be used.

Ordered to Hospital  
 Lieut. Harlan B. Benth, survey officer in the Industrial Department, has been ordered to the yard hospital with a mild case of influenza.

Twenty Helpers  
 Eighteen general helpers and two riggers' helpers were called today for public works.

On Her Long Voyage  
 The cargo ship Houston, with spare parts and patterns for ships which formerly made their home port at the local yard, sailed at 3.30 on Saturday for the Pacific coast, making her first stop at Puget Sound.

Goes in as Seaman  
 Eugene Paquette, of Dover, enlisted as seaman at the local yard today and was assigned to the destroyer Bell.

School Opens Today  
 The yard school for apprentices officially opened today in Building 73 with 73 students from the various shops and departments.

Made in Philadelphia  
 The Victory medals which are to be distributed shortly among the officers and enlisted men were made by the firm of Bailey Banks and Biddle of Philadelphia. The design was produced by the Navy Department.

Gone to Meet His Son  
 Lieut. Commander Thomas Mott Osborne of the naval prison left for New York on Sunday to meet his son who has been engaged in diplomatic work in Europe as a member of the Peace Commission.

Moses Fall vs. Edna Fall, Berwick, Adultery.

Nellie Young vs. Frank Young, Shapleigh, Cruel and abusive treatment.

Minnie Paul vs. Israel Paul, Kennebunkport, Desertion.

Two libels were not granted, one of which was brought by David H. Puffer of York against his wife, Ella Puffer. The husband alleged a statutory charge and she contested the case bitterly and the hearing was one of the most exciting in York county for years. The husband in the case was sworn in and testified and an 85-year old man was also called. It was rather lively at the hearing Friday night which was started at 7.30, and it was necessary to continue the case until Saturday morning when more witnesses were summoned. The wife flatly denied the allegations in her husband's libel. Frank Hawley of Portland appeared for the husband and A. E. Sewell of this city for the libelee.

## GOVERNMENT TO SELL KITTERY POINT HOTELS

The hotels Champernowne, Parkside and Peppercell at Kittery Point, taken over by the United States Housing Corporation, at the time of the great rush on the navy yard, have been advertised for sale in all of the newspapers. The bids will be opened on Oct. 22 at the office of the U. S. Housing Corporation in Washington, and if they are at all within reason the hotels will go to the highest bidder.

The government since they took over the hotels have installed steam heat, new lighting and rebuilt the plumbing, so that they are far superior to what they were when used just as summer hotels. The Champernowne and Parkside were going concerns, but the Peppercell had not been opened for several seasons.

## FUREY-DAILEY

The marriage of Miss Charlotte E. Dailey, daughter of Mrs. Albert G. Dailey and Mr. George S. Furey, U. S. M. C., took place Saturday evening at the Methodist parsonage, the ceremony being performed by Rev. Elmer E. Newell. The bride was attired in a brown traveling suit and wore a black velvet hat. They were attended by Mr. and Mrs. Wade A. Barnett. Following the ceremony they repaired to the home of the bride's mother on Middle street where a wedding feast was served. Mr. and Mrs. Furey left later for a brief wedding trip to Boston and Taunton, Mass. On their return they will take up their residence at the navy yard, the groom being connected with the quartermaster's corps. The bride is a well known local girl, having been for some years employed at the local Central Telephone Exchange and later at the navy yard. The young couple start their new life under the most favorable auspices and with the best wishes of a large circle of friends.

## METHODISTS OBSERVE RALLY DAY

Sunday was Rally Day with the Methodist denomination and all the services of the day were of unusual interest and well attended. At the morning service, the pastor, Rev. Elmer E. Newell, D. D., gave an able sermon on "Golden Opportunities." At the afternoon exercises by the Sunday school the following program was carried out:

Hymn ..... School  
Responsive Reading ..... The Gloria  
Prayer ..... Pastor  
Vocal solo ..... Mrs. George Chaffee  
Collection .....  
Address ..... James H. Smith  
Motion song ..... Kindergarten  
Address .....  
Recitation ..... Miss Mae L. Warren  
Hymn ..... Chorus  
Remarks .....  
Remarks ..... Pastor  
Announcements and reports ..... Secretary  
Hymn ..... School  
Benediction.

Mr. Smith gave an appropriate message for Rally Day. He applied a story of Mother Goose to the children of the Sunday school. The pastor, in his remarks took the word "Rally" as his subject, selecting an appropriate word for each letter, the words being loyalty, alliance, leadership, unity and you.

At the evening service at 7:30 o'clock Rev. Morgan of Boston, representative of Zion's Herald, the Methodist publication, gave his popular lecture on "The Romance of a Circuit Rider" or "Building an Empire." The lecture was a valuable one, the fine pictures giving added interest and the huge congregation present was delighted and profited by it. The Lyric Quartet furnished special music at this service.

The Ladies Aid society will have its annual harvest dinner and supper on Tuesday in the vestry. The missionary societies of the Methodist parish will meet on Wednesday afternoon at the home of Mrs. John Hunt on Woodbury avenue. The officers and teachers of the Methodists Sunday school will meet on Thursday evening at the home of Miss Arthur Schumann.

## BAPTIST CHURCH NOTES.

At the meeting of the Golden Rule Circle of King's Daughters on Tuesday afternoon in the chapel, delegates are to be selected to the state convention which meets at Nashua, Oct. 16 and 17. Troop 2, Boy Scouts, will enjoy a picnic in New Castle on Wednesday. Ten members of the parish attended the state convention at Manchester. Next Sunday is Rally Day and a large attendance is hoped for. The pastor will have a Rally Day message at the morning service and there will be special features at the noon hour.

POPULAR COUPLE UNITED IN MARRIAGE

The marriage of Miss Bertha Emerson Akerman, daughter of Mr. and Mrs. Joseph W. Akerman, and Frank Waver Plummer, son of Albert C. Plummer, occurred on Saturday afternoon at four o'clock. The nuptials took place at the Maple street Baptist parsonage, the ceremony being performed by Rev. William P. Stanley. Mr. and Mrs. C. H. Plie attended the bride and bridegroom.

The bride wore a Copenhagen blue crepe de chine, hat of taupe velvet and coat of like shade with seal collar. After the ceremony an informal reception was held for the newly wedded pair at the home of the bride's parents, 115 Maplewood avenue. The relatives being guests on the occasion. The home was graced with autumnal foliage and flowers and a wedding breakfast was served in the dining room, the menu being chicken, salad, cold meats, hot rolls, celery, olives, ice cream.

assorted cake and coffee. The couple received hearty felicitations from the assembled company and music added interest to the occasion. They left on the 7:40 p. m. train for Boston on their wedding trip, which will be in New York city. Upon their return they will reside at 115 Maplewood avenue.

Both bride and bridegroom are well and favorably known and have the best wishes of their many friends for a happy future. The bride has held the position of book-keeper at the Wendell hardware store for eight years. The bridegroom is an electrician and in the employ of the Rockingham Light and Power Plant.

The couple received many wedding tributes, including an assortment of cut glass, silver and china.

POLICE NEWS

Drunks were registered like old times on Saturday and Sunday, no less than twice in the two days. Three were picked up on Saturday night and nine drunks were taken in during Sunday. Three or four were taken in during the night. Drunks were regular booze cases.

PLENTY OF ACTION PROMISED AT R. C. BOUT'S

The boxing fans are promised a real show on Wednesday evening when the Rockingham A. C. offer their first card. The management have picked some good men, for all three of the boys are willing to fight and not stall. There will be plenty of action.

Artie Williams of Brockton and Tommie Riley of Hiddford are in the feature bout and they are two fast boys. Williams fought here a few years ago in a draw with Greek Alger, and the fans will remember it as one of the fastest ever seen here. Riley is a boy who has been coming fast. He recently stopped Young Gavilan of Somersworth.

The second bout equally a feature event will be between Paddy Green of Cambridge and Young Bushee of Woonsocket. Neither of these boys have ever appeared in this city, but both are very well-known. Green has been in the army and since his discharge like a lot of the other boys has been showing great speed. Young Bushee is a well-known boy who has been fighting his way steadily toward the top.

The preliminary will be a six round bout between Young Turk of Somersworth and Young St. Lawrence of Dover. These two lads look like promising material and the fans are anxious to see them in action.

good and bad luck at the Lexington races. He won the \$1,000 turfdome with Day Star, partly because Mr. Duntley fell dead on the track. But he was unable to start McGregor, the Great in the Transylvania because the great trotter is on the ailing list with a bad cough. The New Hampshire trainer never has won this stake, but this year he looked to have it within his grasp. To add to his depression, the winner pruned up in the \$75 gelding Prince Love, once owned by Cox and swapped by him for one of the cheapest, plated gold bricks in Grand circuit history.

Other New Hampshire horses were all over the last last week in addition to the home racing at the Plymouth and Lacombe fairs. In the Plymouth the free-for-all at Beattletown with Bayon Alta, with Ben Earl, second, and R. H. Brett, third; best time 2:09 1/2. The next day Brett's owner started him again in the 2:11 pace and he won it in straight heats from a classy field. The Brockton fair in Massachusetts and the Fryburg fair in Maine also had some starters last week.

It seems that more barnstorming sporting attractions are on the way to Portsmouth. This city is one of the few in New England that will stand for the "bunk" stuff. Some authority should manifest itself and protect the people from the T. T. Barnum line. While they are here every minute, they should be protected when possible.

A good deal of excitement attended the roundup of some of the baseball games in New Hampshire, such as the final victory of Hill over Bristol and the Sullaway Mills over the Franklin Independents, the former game going 13 innings and the latter 11. Newmarket beat Jewell, Mass. 2 to 1, and Fisher of the winners striking out 14 men, the same number as Garneau of the Sullaway team has to his credit. South Berwick, Me., including the old New England league player, Harry Hall, beat East Rochester. The first 1920 league proposed is to be made up of these last two teams and Rochester, Dover, Somersworth and Newmarket; a very compact little circuit packed full of fans.

The fans are waiting anxiously for the Rockingham A. C. boxing tournament which is to be held Wednesday evening at Freeman's hall. Opinion seems to be that it is the best card ever booked in New Hampshire. All the boys are well known performers and are sure to furnish plenty of action for the fans Wednesday evening. Young Turk of Somersworth and Young Turk of Dover will appear in one of the preliminaries. The two final bouts will be together Patsy Greene of Cambridge and Young Bushee of Woonsocket, to be followed by Tommie Riley of Hiddford and Artie Williams of Brockton.

Paddy Flynn of this city, formerly of Everett, Mass., who has boxed two draw decisions with Walter Butler of Lynn, wants to appear before the members of the Rockingham A. C. He is open to box any 135-lb boy in New England.

Even the onset of October fails to drive baseball into retirement and the East, including New England, is full of enthusiasm over the world's series, though being played by two western clubs. For the first time, it memory serves, there is no player on either club who has any connection with New Hampshire; unless we stretch the point far enough to include Fred Mitchell, who is one of Pat Moran's board of strategy, and Kopf, the Cincinnati shortstop, because he has a brilliant young brother playing the same position on the Dartmouth faculty.

MINING VALUES FLUCTUATE

(By Associated Press) Vienna, Oct. 4.—Depreciation of the Austrian crown on the world exchange causes some curious figures in buying in the shop windows one sees cards on men's socks reading "75 kronen." Ready-made suits or women's dresses are marked "2500 kronen," a felt hat 300 kronen and so on, while on real jewelry the price cards run into the thousands. The result is a loss of the sense of values on the part of the people, while the rapid fluctuations of the exchange make it impossible to keep a correct idea of the actual costs.

HAVERHILL GOLFERS QUEST AT COUNTRY CLUB

The annual team match of the Island Golf club of Haverhill and the Portsmouth Country Club, was held at the Country Club on Saturday afternoon and the visitors won.

The games were played in foursome and the Haverhill team succeeded in getting away with ten out of the 15 matches.

Following the game a shore dinner was served at the Club house for which Hayward Burton was caterer in charge. It was a very enjoyable party. The first for two years owing to the war. These inter-city matches have been held for the last six or eight years and there is a close bond of friendship between the golfers of these two cities. The Haverhill golfers were headed by their president Herman Palsifer.

A return match will be played at Haverhill next Saturday. The following was the scores.

## EXETER

Exeter, Oct. 5.—A pleasant home wedding took place Saturday at the residence of Mr. and Mrs. Dana W. Baker on High street when their daughter Miss Beatrice, was married to Adelbert J. Newton of Lenox, Mass. The ceremony was performed by Rev. Dr. S. H. Dana, pastor emeritus of the Phillips church.

The couple was attended by Robert H. Newton, formerly of Exeter academy faculty, and brother of the groom, and Miss Florence Baker, sister of the bride, while Miss Margaret Mace of Richmond, Mass., acted as flower girl. Wedding music was played by Mrs. H. M. Holman, pianist, and her daughter, violinist, accompanied by Mrs. Walter B. Gault of Newmarket, vocalist. The bride was attired in white satin with silver brocade and the maid of honor wore braided turquoise satin. The flower girls were dressed in yellow. The bride is a graduate from the Robinson seminary, and also from Bradford academy. The groom studied in the Massachusetts Agricultural college. A wedding reception followed after which the couple left for their wedding tour, the itinerary unannounced. They will reside in Lenox, Mass.

The old Exeter Opera house was sold at public auction Saturday to Ralph C. Pratt of Newburyport, Mass., owner of the lota theatre, for \$325, and the adjoining residence to Frank Elliott for \$200. Both of these buildings were said to be removed by Dec. 1, they having been bought recently by the New Hampshire Society of the Chautauque for the purpose of removal and thus beautifying their grounds.

The first fall meeting of the Exeter Woman's club will be held Tuesday at 3 o'clock. Another club which will open its season soon is the West End Neighborhood club which will meet at the Main street house at which Superintendent of Schools Clifton A. Towle will speak.

The total enrollment of school children in the public schools of Exeter this year is 600, divided as follows: High 192, Winter Street 157, Court Street 153, Hall place 50, Park street 30 and School street 65. The evening school classes will commence in the high school building Monday evening of next week. The term will consist of 90 nights.

Lawrence A. Carlisle, for several years state leader of the Boys and Girls club is leaving his position in the extension service of the Rockingham county farm bureau. He will go to his farm in Jefferson and also do some teaching work there.

## PUBLIC GETTING TIRED OF ALL STRIKES

Washington, D. C., Oct. 5.—Industrial conditions throughout the United States are good, with the exception of the prevalence of labor unrest, according to the review made public today by the Federal Reserve Board.

The report broadly intimates a growing restlessness on the part of the public toward the tendency of labor to strike for increased wages and shorter hours in the face of conditions that are acknowledgedly not bad, when the result of this policy is to increase the cost of living and to reduce production. The report is for the month of August, and, in spite of the prevalence of labor unrest, shows the country is in an excellent business situation.

From the West comes a report of a falling off in the wheat crop, but this is more than balanced by the increased production of corn. The price of animals has a tendency downward, this being especially so in the case of pork products.

The report devotes considerable space to the steel strike in connection with the discussion of the labor situation. It says:—

"During the month of September labor unrest became the most prominent factor in the business situation. Prevailing unrest found expression in various forms, including demands for improved working conditions, increased wages and local strikes, and found its culmination in the strike in the steel industry. In spite of the resulting uncertainty injected into the business situation, the customary autumnal swell in the volume of business is noted. The high retail prices prevailing do not appear as yet to have a noticeable effect in checking consumption, and the demand for higher grade products continues. While the official wholesale price index number shows a further decline from 219 in July to 222 in August, some readjustments in wholesale prices have taken place during the present month, involving price reductions in several leading foodstuffs and in various cotton textiles, blues and other lines in which advances had hitherto been most marked. A spirit of conservatism, however, manifest itself in various trades and greater attention is paid to the probable future trend of prices."

will provide entertainment. A special meeting of the city government will be held this coming week and an appropriation made for the event.

The Rt. Rev. George Albert Guerlain of Manchester and the Rev. Thomas O'Leary of Concord will be speakers at the banquet given by the Dover Council of Churches at Columbus, October 11. It has been arranged that after the banquet is over the balcony will be opened to visitors who may have an opportunity of hearing the different addresses.

The public will be invited to attend the speaking, Governor Bartlett, Judge David of Boston and Rev. John J. Hendley, D. D., of St. Mary's church will be speakers. The veterans of the world war will be largely entertained. The residence of Clarence M. Keyes on Arch street was burglarized yesterday afternoon and silverware to the value of \$100 was taken.

James McKean, reserve officer in the United States army has been appointed custodian of the Dover armory and will relieve Senator Atwood. Adjutant General Howard will have steam heat put into the building and several other improvements will be made so that the armory will be the home of the American Legion this coming winter. The Dover post will have the use of the building for headquarters and the local post will play basketball games there.

Dover today of bills will hold its regular meeting this evening when committee on arrangements will report what they have done towards the "Big Night" Nov. 13.

**TRANSFERRED TO ANOTHER COMMAND**

Captain William J. Lawrence of the Salvation Army has received orders from headquarters that he will be transferred from Portsmouth to Salisbury Army work elsewhere, the time of his sick leave having expired. He will farewell next Sunday and leave this city the following Wednesday, the place not having yet been assigned him.

Captain Lawrence received orders to be transferred to Augusta, Me., several weeks ago but after concluding his fare well meeting he was taken very ill and the Monday following was operated upon for appendicitis. His illness made a change in the Salvation Army plans and Captain Oldham of Concord, who had been assigned to duty here, was sent elsewhere.

It is to be regretted that Capt. Lawrence is to be sent away at this time, as he is only now able to walk out and to move away now and take up new duties in another place will make it hard for him before he becomes strong again. Then, too, a series of revivals has been going on at the Salvation Army meetings in this city which were in charge of Capt. Lawrence, and the results have been great. Nearly 60 conversions have been made at the meetings in the past few months, the converts being people in various walks of life, and a goodly number were men in the service.

At the meetings over the week-end Captain and Mrs. Hauglin of Middleford, Me., were in charge. On Sunday evening there were two converts, one being a man serving in the navy.

**LONG HIKE HER VACATION TRIP**

Dressed in blank and wearing trousers and puttees and an overcoat, Miss Pauline Wassenbach of Hyde Park, Mass., a woman aged about 35, passed through this city Saturday on a hiking trip from the White Mountains. Her trip was one for pleasure and she has visited Mt. Washington and Crawford Notch and on arriving here she had completed 98 miles. When she started from her home on a week's vacation there were others in the party. Most of the distance she traveled on foot, riding but little on the journey. She left part for Newburyport, Mass., to stop there on her way to Boston.

IS MUCH REGRETTED.

There was an elaborate collection of sinners in the hall of justice this morning, some brought in on foot and others who arrived in the happy wagon on Saturday and Sunday. It looked like Old Home Day with the drunk delegation in the lead, made up partly with recruits from the Jakey squad.  
The huffers in the ginger were Norman Miller, Hammas Hole, John Castleton and George Tharn. They took the jury on Vaughan street Sunday afternoon and the ride cost them all \$13.14 today. Miller denied the consumption of the Jakey but the evidence offered by the police caused a blockhead and he had to remit with the rest.  
William Lester, who is unknown to the court, pleaded to the charge of drunkenness, settled for \$11.94.  
Joseph H. Foster, another stranger, for the same offense separated himself from \$11.14.  
Charles Hunda and Charles McElroy, two more for the same cause, gave up \$11.94.  
Henry J. Molloy, a Massachusetts chauffeur, was arraigned for reckless driving on Congress street. His case was continued till Thursday. He was released on bail.  
Robert Hayer might have saved \$7 or more today had he answered to his name at the morning roll call. Robert was joyfully freaking around the public ferry landing on Cores street when the dragnet got him. He put up \$20 for bail and failed to check up today when the clerk repeated his name three times. The \$20 went to the city treasurer with no rebate for Robert.

pastor of the Court Street Christian church, has tendered his resignation, is a source of regret to many. Rev. Mr. Caswell came here from New Bedford, Mass., and in the seven years he has been pastor of the Christian church, has not only ably filled his duties but has been interested in the good of the community and made himself popular among the townspeople.  
Mrs. Caswell was an able worker, also, in the church, and worked untiringly for its interest.
